REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 1, 6, 7, 10, 11, 13, 15-17, 19, 20, 23, 24, 26, 28, 29 and 31-40 have been found to be allowable over the prior art of record. The claims have been amended to recite a resist developing process whereby a resist layer is exposed and developed with pre-bake and post-bake heatings. The resist is then rinsed with rinsing liquid which is subjected to ultrasonic vibrations. None of the prior art references teach a process whereby the rinsing or developing liquid for a photoresist process is subjected to ultrasonic vibrations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
